Everything Changes A Novel:

Everything Changes Carol Dodd, 2022-10-25 Change is all around but it can be overwhelming Explore how change exists everywhere in a way that is natural and even beautiful in this vibrantly illustrated book with fun rhyming couplets for children ages 3 to 7 The moon is full but then it's gone chased away by the dawn Stars that shine all through the night disappear in morning's light Everything changes night to day Everything changes and that's OK From an apple seed growing into a brilliant tree to a child watching a family member grow old this book offers a thoughtful look at why change doesn't always have to be negative and can instead be observed with appreciation It poetically presents a story that prompts kids to recognize and adapt to the change they see in their daily lives This beautiful exploration of impermanence is accompanied by vibrant illustrations that explore every corner of the world from rolling fields in Tibet to the cozy fireplace lit living room of a family member's home The illustrations remind children that everything changes no matter where you are no matter who you are and that's all right
