Keith Booker, 1994-05-25. Dystopian literature is a potent vehicle for criticizing existing social conditions and political systems. While utopian literature portrays ideal worlds, dystopian literature depicts the flaws and failures of imaginative societies. Often these societies are related to utopias, and the dystopian writers have chosen to reveal shortcomings of those social systems previously considered ideal. This reference overviews dystopian theory and summarizes and analyzes numerous dystopian works. By reviewing the critical thought of particular dystopian theorists, the beginning of the volume provides a theoretical context for the remainder of the book. Because dystopian literature is so closely related to utopian writing, the reference profiles and discusses eight important utopian works. The rest of the book includes entries for numerous dystopian novels, plays, and films. Each entry summarizes the work and discusses dystopian themes. The entries include short bibliographies with full bibliographic information provided at the end of the volume. This comprehensive guide covers the full period from Thomas More's *Utopia* to the present day. *Science-fiction Studies*, 2007. The Worldwide Guide to Movie Locations Tony Reeves, 2001. For all those fans who wonder where their favorite movies were filmed or what it would be like to visit the sites, this book is the ultimate resource. It features information on blockbuster cult and art house favorites from *Saturday Night Fever* to *Men in Black*, from *Belle du Jour* to *Ben Hur*. The entries for individual films include brief descriptions of key scenes shot at the location, travel details, photographs, film stills, behind-the-scenes information, and insights as to what these places are really like. Also included are full-color features on major sites of special interest: *Vertigo*'s San Francisco, Woody Allen's Manhattan, and a world *Star Wars* tour, among others, along with more obscure locations that have become sought-after travel destinations simply because of their connection to the movies. *Transformations of Language in Modern Dystopias* David W.
