

DYADIC COMMUNICATION

The term dyadic communication refers to two people engaged in a conversation.

TYPES

There are two forms of dyadic communication: formal and informal.

- **Formal dyadic communication** takes place in a professional context, such as between an employee and supervisor.
- **Informal dyadic communication** takes place in a non-professional context, such as two friends chatting over a coffee.

TOP BENEFIT

Perhaps the number one benefit of dyadic communication has to do with the free exchange of ideas and opinions. Compared to a group setting, the dyad offers both participants ample opportunity to express their views.
